

## CALL FOR SPECIAL SESSION PROPOSALS

The IEEE-EMBS Conference on Biomedical Engineering and Sciences (IECBES 2024) will organize a few special sessions to provide a platform for focused discussions on specific topics and innovative applications.

The special session proposals will be assessed by the committee after the submission deadline has passed and the result will be notified to the proposer.

### IMPORTANT DATES

Proposal Submission Deadline : **May 15<sup>th</sup>, 2024**

Notification of Proposal Acceptance : **June 15<sup>th</sup>, 2024**

### GUIDELINES FOR ORGANIZERS

- Special session proposals should include the title, aim and scope (including a list of main topics) and the names and contact information of the organizers.
- At least one of the special session organizers should attend and chair the special session.
- At least 6 papers are required for a special session. For one full registration, two papers could be presented.
- Proposals of similar topics will be suggested to merge.
- There will be no financial subsistence for session organizers, chairs, and invitees. All participants including session organizers, chairs, and invitees are required to register and pay the registration fee.

All special session proposals should be submitted to [info@iecbes.org](mailto:info@iecbes.org)
